Fun Drama Activities with the Suspense and Excitement of Magic!

This one-of-a-kind course is a great way to enhance confidence, presentation skills and dazzle your friends!

Each week we have a collection of activities in both drama and magic

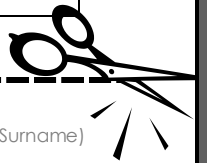

From the adventure and wonder of Harry Potter to the dazzling showmanship of David Copperfield, studying the presentation and skill of master magicians enhances appreciation and enjoyment of this art form. Each lesson they will learn a new trick and have a chance to present to the other budding magicians in the group. Our magical workshops give children the skills and know-how to be confident performers.

Our creative dramatics programme uses drama as a learning technique. Drama supports imagination and creativity in children. Each drama activity encourages children to think outside the box using improvisation, story dramatisation, drama games and other engaging and fun techniques. We promote teamwork through cooperative drama games which involve discussing, negotiating, rehearsing and performing.
